## **WE HAVE MORE THAN ONE WAY TO IDENTIFY YOUR BEST HIRE!**

**The PEAC SYSTEM® evaluation will determine potential instincts and with it, potential weaknesses, based on the position expectations. You capitalize in strengths, while you train against weaknesses... if possible.**

**Our CASE Studies© - for personnel sales and recruiting, only- will tell you precisely how this person will handle themselves in a give and take situation, the backbone of the personnel services industry. This is *learned behaviors* in tandem with instinct, above.**

**Our Reasoning Aptitude© for all arenas will indicate how well a person will handle people and information in a give and take environment, such as sales, recruiting, customer service and the like. A measure of the ability to synthesize information on the fly..**

**Our Management Consulting (ive and free with each PEAC® Profile, but limited to the profile and process for hiring, training and management of that person) is sustained by over thirty years of service in the sales and personnel services arena- giving you that extra step up to have the best chance to make your new individual a success.**

**Our online, live training programs are designed to get new hires or anyone needing help and motivation up to speed and productive in personnel sales/recruiting/ or even a management role... Delivered in five days of two hours each, with focus on one area at a time.**

**HIRING?  
TRAINING?  
MANAGING?**

**Better to know on day 1 than ninety days of expensive, wasted effort!!**

**Here is a tool with over 30 years of growth and success in the accurate identification of the communication and styles of employees within the sales and recruiting arena, admin, customer service, and even through upper management!**

**Online or paper and pen! Seven minutes, approximately, and results back by email and live Reader© the next business day!**

## So, Why The PEAC SYSTEM®?

1. **Accuracy-** focused on the inner self, the one you have to manage and train. And the one they hide from you in order to land that important position!
2. **Stability-** Nearly three decades of steady growth in large and small companies, where we have curbed turnover by as much as 75% while increasing productivity! Now worldwide, from USA to India, to Australia, Europe and back to Canada!
3. **Live, one on one Consulting Session**© with every PEAC® evaluation you run, at no additional cost to you! Receive suggestions for interview, references and management issues. No one else comes close in the industry specific knowledge as our Readers© come from the sales and services industry.
4. **A scoring system you can rely on** to give you a statistical reference from which to base your hiring decision. This gives you an idea of what to expect when you decide to make that next hire, or... not...
5. **Up to THREE FREE Evaluations!** Depending on your company size we will give you up to three FREE sample profiles on you and two of your people. Less, if you have fewer people. That is way more than our competitors, because if we can show you what we can do with people you know, you will have much more trust in using the evaluation on people you do not know, those potential hires, hiding behind their masks! Call first, for details and requirements of this offer!
6. **Online, or paper and pen!** Some like to know before they meet the candidate, some like to run the evaluation when the candidate comes in. Both have great value, but it is your choice! Results returned via email the very next business day!
